Dear Families

Due to Departmental policies and requirements, parents and care givers who assist with school activities, including transporting students to and from school excursions, are now required to complete a child protection prohibited employment declaration. This must be completed by any person “paid or unpaid …… in direct contact with children where that contact is not directly supervised”. Please call into the Admin office to complete this requirement before working with or transporting students.

Principals or office staff, have also been directed to sight current driver’s licences of parents or caregivers who transport students along with their car registration forms at the beginning of each year.

The school is also required to have permission for students to be photographed or videoed, to view PG rated videos, Internet permission and local excursions, eg Longworth Park.

Please complete the form and return the section below to school as soon as possible.

Thank you.

Craig Partridge
